EXAMINER'S COMMENT

With respect to Applicant's remark's filed August 31, 2006, regarding the objection to the drawings in the Office Action of June 13, 2006, the Examiner thanks Applicant for pointing out and clarifying optical elements 256A and 251 found in Figure 6.

With respect to Applicant's remark's filed August 31, 2006, regarding the limitation "projected image screen" used in claims 1 and 3, objected to in the Office Action of June 23, 2006, the Examiner has reviewed the specification and accepts that Applicant is his own lexicographer.

Allowable Subject Matter

Claims 1 and 3-26 (now renumbered 1-25) are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record neither shows nor suggests all of the elements of claim 12, in combination, and particularly:

"wherein, when the optical axis of the projection optical system is shifted in parallel to at least one of two directions mutually perpendicular to the system optical axis, the optical axis of the optical element for compensating chromatic aberration of magnification is shifted in parallel to the foregoing direction, following the shift of the optical axis of the projection optical system."

The prior art of record neither shows nor suggests all of the elements of claim 19, in combination, and particularly:

“wherein the optical element has no refraction feature on a plane extending orthogonal to the predetermined direction and including the generating line thereof and has a refraction feature on a plane extending orthogonal to the generating line thereof.”

Claim 26 is allowable for essentially the same reasons as given above for claim 19.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
